

# When You're Gone

## Crippled Black Phoenix

Lay by  
Sea town  
Have light  
Shelter on us  
Lay light  
Torn down, we should  
Move our child south  
Tonight if you will  
Tonight if you may  
When I was a boy yeah she crowned me  
Now I haven't seen her for seventeen years  
Sick you little lawn  
When she made me  
And love with your golden  
Tonight if you go away  
And go and die  
And go and die  
And go and die  
Then go and die  
I was a boy when she crowned me  
Now I haven't seen her for seventeen years  
Sick you little lawn  
When she made me  
And love with your golden  
Tonight when you go away  
Halo  
Halo  
Mowing your lawn  
And I hurt my head  
And I turn and dine  
It hears me camp
