Kids in Love

[unknown]

I look back to the one and only summertime
When my girl was the envy of every friend of mine
She slept safely in my arms
We were so young and invincible
Closed lips, she was never one to kiss and tell
Those trips in the summer never went so well
Young love is such dumb love
Call it what you want, it was still enough
And you're still out of my reach
And you're still all of the things that I want in my life
How could I ask you to leave me?
And we were just kids in love
The summer was full of mistakes we wouldn't learn from
The first kiss stole the breath from my lips
Why did the last one tear us apart?
Our breath smelled of cigarettes and alcohol
We'd walk down the beach, counting every star
Our hearts beat inside our chests
Leaving us gasping for every breath
Her smile with the wind blowing through her hair
Was so contagious in the air
So satisfying and I'm still smiling
And you're still out of my reach

And you're still all of the things that I want in my life
How could I ask you to leave me?
And we were just kids in love
The summer was full of mistakes we wouldn't learn from
The first kiss stole the breath from my lips
Why did the last one tear us apart?
We're falling down, can we pick up the pieces?
We're at an all time low, how do we get it back?
We're falling down, can we pick up the pieces?
We're falling down, can we pick up the pieces now?
And we were just kids in love
The summer was full of mistakes we wouldn't learn from
The first kiss stole the breath from my lips
Why did the last one tear us?
We were just kids in love

The summer was full of mistakes we wouldn't learn from
The first kiss stole the breath from my lips
Why did the last one tear us apart?
We were just kids in love
The summer was full of mistakes we wouldn't learn from
The first kiss stole the breath from my lips
Why did the last one tear us apart?
