

Ski Mask Way (Produced By Disco D)

50 Cent

Yeah
I'm trying to catch me something
I'ma catch you something Nigga that watch is nice
That's what you bought for me
That chain is nice
That's what you bought for me
Them earrings is nice
That's what you bought for me?
Take that shit off, move I'll break you off properly I get mine the fast way, ski mask way
Make money
Make money, money, money
Nigga if you ask me
It's the only way
Take money
Take money, money, money You wanna spray at me? Go head
The last nigga that tried
Got hit, keeled over, and bled 'til he died
Ya little sister calling you stupid
Reason why?
Her and ya momma in the living room now hog-tied
I came up wit two new ways to get rich I cant wait
Got a brand new SIG and that old thirty eight
I be scheming to put a lil' bread on my plate
Watching Dre serve skunk through the hole in the gate
I stick a nigga for his shine sell em' back the next day
You thought I really wanted ya pussy bitch please
This is stash house, jack pot, leave her them keys
My black g-unit hoody just reak of marijuana
Cocaine coming out my pores in the sauna
I'm serious man I'm so sincere
This the flow right here that fucked up Jeffery's career
Make money, take money
Yeah nigga yeah Nigga that watch is nice
That's what you bought for me
That chain is nice
That's what you bought for me
Them earrings is nice
That's what you bought for me?
Take that shit off, move I'll break you off properly Nigga that watch is nice

That's what you bought for me
That chain is nice
That's what you bought for me
Them earrings is nice
That's what you bought for me?
Take that shit off, move I'll break you off properly I get mine the fast way, ski mask way
Make money
Make money, money, money
Nigga if you ask me
It's the only way
Take money
Take money, money, money Who's that peeping in my window
Wow
The feds on me now
They know when I'm sleeping
They know when I'm wake
I know they got my phone taped I'm screaming fuck jake
I'm trying to stay out them pens, so I switched states
Bad news V-A now that sounds great
I see niggas with that ice on, rims shined up
This towns one big pussy waiting to get fucked
I holla at A-I peoples to get gat's
They charged me 500 a piece for two macs
Then I'm back doin me
I'm back out on a spree
Catch me n' niggas slipping out pumping that D
Give me a lil' crew I'll have em' pumping for me
The more product I take the more paper we see
Change my name in N-Y they don't know where I be
Yeah a nigga doing dirt but a nigga low key Nigga that watch is nice
That's what you bought for me
That chain is nice
That's what you bought for me
Them earrings is nice
That's what you bought for me?
Take that shit off, move I'll break you off properly Nigga that watch is nice
That's what you bought for me
That chain is nice
That's what you bought for me
Them earrings is nice
That's what you bought for me?
Take that shit off, move I'll break you off properly I get mine the fast way, ski mask way
Make money
Make money, money, money
