Mess

Sofi de la Torre

[Verse 1]
No princess, riches, diamonds
I'm never gonna be your sugar, honey, candy
You're never gonna get it[Pre-Chorus 1]
Boy, you've been lying to yourself
You've been taking me for somebody else
Romantic sunsets aren't for me
Flowers, for all I care, are some kind of tree[Chorus]
No way, no way
I'm never gonna change for the better
I'm always gonna love my mess
No way, you better get out of my way
You'll only end up a regretter
And you're only gonna love me less
I need a break, man, I don't need this
No way, no way
I'm never gonna change for the better
I'm always gonna love my mess[Verse 2]
No late night, phone call, habits
I'm never gonna be your fancy dinner lady
You're never gonna get it[Pre-Chorus 2]
Boy, you've been lying to yourself
You've been taking me for somebody else
Being a good girl ain't my thing
Angels, for all I care, are suckers with wings[Chorus]
No way, no way
I'm never gonna change for the better
I'm always gonna love my mess
No way, you better get out of my way
[?]
And you're only gonna love me less
I need a break, man, I don't need this
No way, no way
I'm never gonna change for the better
I'm always gonna love my mess[Break]
Boy, I'm always gonna love my mess[Chorus]
No way, no way
I'm never gonna change for the better
I'm always gonna love my mess

No way, you better get out of my way
[?]
And you're only gonna love me less
I need a break, man, I don't need this
No way, no way
I'm never gonna change for the better
I'm always gonna love my mess
No way, you better get out of my way
[?]
And you're only gonna love me less
I need a break, man, I don't need this
No way, no way
I'm never gonna change for the better
I'm always gonna love my mess
