## Manafest

There comes a time and point when you have to decide  
There is no right way to do the wrong thing  
But you gotta do what your afraid to do  
Go where you're afraid to go  
And every time you run away  
Because you're afraid to do something big  
You let an opportunity pass you by You see you can't keep doing the same thing  
Over and over and expect different results  
The normal has to be ignored  
The ordinary discarded  
And the routine must be feared A fighter isn't somebody who never fails  
A fighter is someone who never quits You are not the down trodden but the uplifted  
You are the head and not the tail  
You really think He brought you this far just to leave you now? Dreaming isn't a waist of time  
You have to decide to get up and go again  
When everybody else has gone home  
The perseverance to get up and go again  
And the drive to see the dream fulfilled You can't beat a man that doesn't stop  
GET UP
