

Do That Make-Up

[Rebecca Zamolo](#)

Wake Up In The morning,
looking like your night was tough,
Passed out on your face,
Hair and Breath have had enough,
Already Running Late,
But you don't know what to do,
There one thing that can save you
Gotta do that makeup boo,

Do that makeup,
Do-Do that makeup,
Doesn't need to be fancy,
Gotta Do the makeup dancy,
Do that makeup,
Do-Do that makeup,
You've only got 10 minutes,
So put your face on,
