

# Spinnin' Round (Goldie's Last Day )

[PFR](#)

You've got to reach out and take it  
Before it goes by too fast  
They say that life is what you make it  
I think we've made it at last(chorus)  
Some people say we're crazy but  
We're all spinnin round, we're all spinnin round  
But you and me we've got something to say  
We're all spinnin round, we're all spinnin round  
Just because you think you're lucky well  
We're all spinnin round, we're all spinnin round  
You and me we've got something inside  
I think we're gonna make it You've got your four wheels spinnin  
You dig em down into the ground  
Just when you think you're winnin(chorus)
