Fivetens in Harlem

Stereo Skyline

She's got it going on.
Spin in circles till the break of dawn.
And don't you know oh.So lets stay up real late and get down.
Show me how you move move move around.
She makes my heart jump two times.
From just one kiss so oh oh are you down for this?Can you keep up keep up with me baby
Just keep up keep up with me
Can you keep up keep up with me baby.Shes got it going on.
Spin in circles till the break of dawn.
And don't you know oh.
Get up get up c'mon, and dance with me.
Cause I know I know oh oh. shes got me.So winters gone and soon ill spring.
To summer where you'll call, but I know that
All I'm doing is preparing for the fall.And can you keep up keep up with me baby
Just keep up keep up with me
Can you keep up keep up with me baby.Shes got it going on.
Spin in circles till the break of dawn.
And don't you know oh.
Get up get up c'mon, and dance with me.
Cause I know I know oh oh [x2]Get up get up c'mon, get up get up c'mon.
Get up get up c'mon c'mon c'mon get up get up c'mon.
Just get up get up c'mon. just get up get up c'mon.Shes got it going on.
Spin in circles till the break of dawn.
And don't you know oh.
Get up get up c'mon, and dance with me.
Cause I know I know oh oh.Shes got it going on.
Spin in circles till the break of dawn.
And don't you know oh.
Get up get up c'mon, and dance with me.
Cause I know I know oh oh. shes got me
