

The Premix (How How)

Yello

Man, woman, love, I'm bad
How, how, how, how
Man, woman, love, I'm mad My life is in a serious mess
My baby's gone, some demented stress
I never knew love but I know it now
I wanna give you my heart but how, how
How, how Man, woman, love, I'm mad
How, how, how, how
How, how, how, how I'm in a dry mental desert some miles behind
You're driving my heart, you're in command of my mind
I never knew love but I know it now
I wanna give you my heart but how, how Man, woman, love, I'm bad
Man, woman, love, I'm bad Man, woman, love
Man, woman, love I'm in a dry mental desert some miles behind
You're driving my heart, you're in command of my mind
I never knew love but I know it now
I wanna give you my heart but how, how
How, how Man, woman, love, I'm bad
Man, woman, love, I'm mad Man, woman, love
Man, woman, love
