Lunachicks

I wonder what goes on
I wonder what I find
Behind all the eyes
behind all the eyesI wonder who lives there
Beyond the walls of lies
I see the hurt and the drain
I see the lost and the gainThen I wonder what they all do
(I wasn listening to you)
When they go home
(I wasn hearing a word of it!)
Where are they goin to?
Are they going blind?
(I was stone I was shot)Well I don know anymore
I can know anymore
'cause I cannot control
What isn mineI see the wrinkles and veins
I see the broken dreams and pain
Ie wondered ever since birth
Ie wondered what is worth!Yeah and when I looked yo the door
It what I saw
And I saw you
As your stare tears thru my eyeballs
I wanna rip-rip into youWell do they wonder of me?
(I wasn listening to you)
So I sit back and focus on
(I wasn hearing a word of it!)
What mine!
(I was stone I was shot)Excuse me, excuse me!
Are you listening to me?
This is my stop
And I gotta get out!
I gotta get out!
I gotta get out!
