Teknowhore

Bile

Depression sets in, my world is grim. Depression is in, post life is dim. I am so low. I am at a low. I'm beneath the hopes and
dreams of everything I know. I see the road to nowhere, it's tattooed in my brain. I'm spitting chunks of BILE, that's drowning me
insane! TEKNOWHORE! Depression is in, my world is grim. Depression is in, it's taken me in. I am so low. I am at a low. I'm
beneath the hopes and dreams of everything I know. I've seen the road to nowhere, I've seen it in my brain. What I want and
what I am, will never be the same! TEKNOWHORE!
