Falling

Josh Hoge

Its 3am and you and I
Fight for covers, like lovers do
And once again, you make that smile that you make
When I let you in
So perfect girl, I may just wanna change your nameWarm and cold
Scared and bold
Youre the puzzle that I try to fit
Youre fire by night
And when the morning light comes
Comfortable as rain on Sunday
Storm that keeps me lying awake[Chorus:]
Youre more than amazing
Chances worth taking
Love were creating
Its Christmas time
Snow keeps on falling
And baby, Im all in
I think Ill call this the perfect night
Oh, ohhh, ooooohIts 3am and you and I fight for covers
Like lovers do
