

Better Off Dead

War Rocket Ajax

Lane Meyers at the top of the slope.
Looking down thought he didn't have no hope.
With his back to the wall there was no escape.
So he ran the k-12 and he broke the tape.If you live here long your bound to see.
Things are going down or is it just me.I wanna blast off and go up there.
And get a lung full of that heaven air.I'd be better off dead.
That's what I said
