In Love With A Vampire

Saving Jane

I'm in love
I'm in, I'm, I'm in I'm in love
I think I'm in love
I'm in, I'm in love
I'm in, I'm in loveHe's been waiting here a 1000 years
Until I came along and he left
He said he could never be with me
'Cause time will never change what he isAnd we never kiss
Because he can't resist temptation
But who can turn away
From a chance to taste salvation?He's got a heart made out of stone
He says I'm better off alone
(I'm better off)
But my one desire is to feel that fire, oh
I'm in love with a vampire
(I'm in, I'm, I'm in, I'm in loveWhen I sleep I dream of golden eyes
And skin that's colder than ice
When I wake he takes me by surprise
'Cause he's been watching me all nightEach day I pray for rain
So I don't feel the pain of waiting
And when he's gone
I feel like everything that's real is fadingHe's got a heart made out of stone
He says I'm better off alone
(I'm better off)
But my one desire is to feel that fire, oh
I'm in love with a vampire
(Oh, ooh woah)And if he could read
My mind he'd see
How much I want to change
I hold my breath until the day
There's nothing in my veinsHe's got a heart made out of stone
He says I'm better off alone
(I'm better off)
But my one desire is to feel that fire, oh, ohHe's everything I want to be
And I can feel him changing me
But my one desire is to feel that fire, oh
I'm in love with a vampire
