

Fallen Angel (Orchestral Demo Version)

Alphaville

I hear those voices on the radio
I switched it off because she told me so
Shes an investigator
Shes like an elevator Nobody told me wed be all alone, you know
Somewhere my friend had left me
In that red light zone, you know
She said, Ive seen your deepest secrets now
Theyre just as lightning in the look of your eyes I said, I want you baby, I said, I want some more
I said, I never ever felt it like that moment before
Shes an assassin, shes melting steel in my heart
But I long for more She said, I want your body, she said, I want your soul
She said, a fallen angel takes it but shell never let go
Shes an invader, shes from another world
But I beg for more and more Shes raising feelings cutting like a knife
Shes pouring fire into my liquid life
Theres no escaping from her mysteries
She gives me kisses of the strangest kind She says, I know youll like it, so come over here
She says and let that rhythm filter through your body, dear
And then she, she always did it and she always will
Shell stay that hunter till the end of time I said, I want you baby, I said, I want some more
I said, I never ever felt it like that moment before
Shes an assassin, shes melting steel in my heart
But I long for more She said, I want your body, she said, I want your soul
She said, a fallen angel takes it but shell never let go
Shes an invader, shes from another world
But I beg for more and more I said, I want you baby, I said, I want some more
I said, I never ever felt it like that moment before
Shes an assassin, shes melting steel in my heart In my heart
In my heart
In my heart
