

Forgive And Forget

The Get Up Kids

I think I've waited long enough
Our world was once forget me not
And now I wait another year, I need you here
I think I've heard this one before
But it's not you walking through my door
And now I wait another year, I need you here
I need you here, I need you here, I need you here
Don't bother it now, let sleepers lie
Bygones have all gone by
Forgot what we fought for, hard as I might
Don't have the will to fight
Forgive and forget whatever was said
Because we're growing up by the hour
I never would let it go on like it did
All good things have endings
Forgive and forget whatever was said
All good things have endings
Don't bother it now, let sleepers lie
Bygones have all gone by
Forgot what we fought for, hard as I might
Don't have the will to fight
Don't bother it now, let sleepers lie
Bygones have all gone by
Forgot what we fought for, hard as I might
Don't have the will to fight
