Ink My Whole Body

Wiz Khalifa

Yeah, what up taylor gang?
Star power, Star year, you know what it is?
Ink my whole body, I don't give a motherfuck
Ink my, ink my, whole body, I don't give a motherfuck
Ink, ink my, whole body, I don't give a motherfuck
Ink, ink my whole body, ink, ink my whole body
Got so many tats, you can't even count 'em up
In the shop every week, I can't seem to get enough
My aunt said my skin to clean to mark it up
But I'ma ink my whole body, I don't give a motherfuck
I'm blowin' purp, no shirt
Windows down, screamin' cash rules, showin' off my tattoos
Hoes spazzin' when they see me
Run up on me star struck, askin' can they read me ?
See nothin' told 'em sleazy
Hear you man gotta a star tat and tried to be me
I make it look easy, people say I'm crazy
Body marked up like the walls in the 80's
Speakers scream loud like a car full of babies
Chain so sick they think my charm came with rabies
All I hear these days is, I think you goin' overboard with it
I ain't addicted I'm committed, it's wizzle man
Ink my whole body, I don't give a motherfuck
Ink my, ink my, whole body, I don't give a motherfuck
Ink, ink my, whole body, I don't give a motherfuck
Ink, ink my whole body, ink, ink my whole body
Got stars over here, little star over there
Stars everywhere cause nigga it's star year
The name star power, my jewelry star bright
Tat on my face say I'm livin the star life
And by the way you know it's taylor gang
Soon as you see us, I'm inked up from my feet up
I keep blunts flickin', new tats itchin'
Black chuck coppin', new shit droppin'
Star power, I'm the one they call young
Body marked up like a subway in Harlem
Niggas say that's hard, white people think it's awesome
Chest, neck, tatted, whole sleeve on my arm done
Sleeve on my arm done, they say I look like tiger man

I put some lime in the swisher sweet and twist it all up
Can't wear a shirt, the bitches lift it up
I'm tattin' my body 'til I filled it all up
Ink my whole body I don't give a motherfuck
Ink my, ink my, whole body, I don't give a motherfuck
Ink, ink my, whole body, I don't give a motherfuck
Ink, ink my whole body, ink, ink my whole body
Ink my whole body I don't give a motherfuck
Ink my, ink my, whole body, I don't give a motherfuck
Ink, ink my, whole body, I don't give a motherfuck
Ink, ink my whole body, ink, ink my whole body
