

# Limelight

Bonnie Tyler

(alan parsons/ eric woolfson)

Producer for bonnie: stephan power I can see the glow

Of the distant sun

I can feel it inside

Maybe this day

Could be the one I can hear the roar

Of the distant crowd

They are waiting for me

Calling my name

Shouting out loud Limelight

You were all I ever wanted, since it all began

Limelight

Shining on me, telling the world who I am

Oh, limelight

Don't let me slip right through you fingers

There's along way to fall

After all the years of waiting

I'm going to show them all I can see the world

In a different light

Now it's easy to say

Where I went wrong

What I did right

Holding on isn't always easy

I am gonna change my mind Limelight

You were all I ever wanted, since it all began

Limelight

Shining on me, telling the world who I am

Oh, limelight

Don't let me slip right through you fingers

There's along way to fall (instrumental) Limelight

You were all I ever wanted, since it all began

Limelight

Shining on me, telling the world who I am

Yeah, limelight

Don't let me slip right through you fingers

There's along way to fall Maybe the road's not easy

I'm gonna show them all
