

# Even Though You're Gone (For Mark Sandman)

## Margaret Garrett & the Conjure Beat

Well Iâ€™ve got so many things  
I want to tell you right now  
And I feel that you can hear me  
So now  
Even though youâ€™re gone  
Even though youâ€™re gone  
And I call you on my mind  
And your voice is so clear  
When I need your voice  
In no time you appear.  
Even though youâ€™re gone  
Even though youâ€™re gone  
  
Even though youâ€™re gone now  
Gone other side  
Your face will be on my mind  
Like a star shine in the night  
On and on and on  
Even though youâ€™re gone
