Superwoman

Sam Bailey

Early in the morning I put breakfast at your table
And make sure that your coffee has its sugar and cream
Your eggs are over easy, your toast unlikely
All that's missing is your morning kiss that you still greet meNow you say the juice is sour, its used to be so sweet
And I cant help but to wonder if your talking bout me
We don't talk the way we used to talk its hurting so deep
I got my pride I will not cry but its making me weep.[chorus]
I'm not your superwomen, I'm not the kind of girl that you can let down and think that everything's OK
Boy I am only human, this girl needs more than occasional hugs as a token of love from you to me.
Oh baby yeah yeahYou like to think that I'm just crazy when I say that you've changed
Well I'm convinced I know the problem you don't love me the same
Your just going through the motions and your not being fair
I got my pride I will not cry still I cant help but care.[chorus]
I'm not your superwomen, (I'm not no no)
I'm not the kind of girl that you can let down and think that everything's OK
Boy I am only human, (I'm only human)
This girl needs more than occasional hugs as a token of love from you to me.Oh baby look into the corners of my mind
I'll always be there for you through good and bad times
But I can't be that superwomen that you want me to be
I'll give my everlasting love if you'll excel to me.[chorus]
I'm not your superwomen,
I'm not the kind of girl that you can let down and think that everything's OK
Boy I am only human, (I'm only human)
This girl needs more than occasional hugs as a token of love from you to me.Oh oh if you feel it in your heart and you understand me
Stop right where you are everybody sing along with me
Ooh ooh ooh ooh ooh ooh
I'm the kind of girl that could treat you so sweet
But you got to realise that you've got to be sweeter to me
Oh oh yeah
I need love, I need yours, your love[chorus]
I'm not your superwomen, (Ooh ooh ooh ooh ooh ooh)
I'm not the kind of girl that you can let down and think that everything's OK
Boy I am only human, (I'm only human)
This girl needs more than occasional hugs as a token of love from you to me.
