

From Here to Eternity

Michael Peterson

I did everything I could to get you here tonight
Without telling you why
Now girl if you only would, please hold out your hand
Just close your eyes
I've been dying to ask you one burning question
"Will you be mine?" From here to eternity
I'm asking you to share your life with me
Now and forever I guarantee, I'll always stay by your side
I promise my love to you
I'm willing and able and ready to
Whatever you need
I am here for you, and I'll always be
From here to eternity I saved a year for this ring, I can't wait to see
How it looks on your hand
I'll give you everything that one woman needs
From a one woman man
I'll be strong, I'll be tender a man of my word
And I will be yours From here to eternity
I'm asking you to share your life with me
Now and forever I guarantee, I'll always stay by your side
I promise my love to you
I'm willing and able and ready to
Whatever you need
I am here for you, and I'll always be
From here to eternity
