Framing Hanley

Insecurities in, beyond the hotel lobby
While Im forced to call this a home without you
So, lets keep this conversation lingering on
Dont say goodnight, not while I am gone And this will be a long, long ride
And Ill be dreaming of coming home
And when you're all alone tonight
Ill be writing you another song Waiting for release, I miss the sound of you laughing
And Ill never call this a home without you
So, lets get this conversation lightened up
Dont say goodnight, not while I am gone And this will be a long, long ride
And Ill be dreaming of coming home
And when you're all alone tonight
Ill be writing you another song Keep your eyes on the road
Were gonna make it out of this town
Keep your eyes on the road
Were gonna make it out of this town We could run away, away Im gone, well, this will be a long, long ride, long
ride
Im dreaming of coming home, home, home
Im writing you another song
