Framing Hanley

Insecurities in, beyond the hotel lobby
While Im forced to call this a home without you
So, lets keep this conversation lingering on
Dont say goodnight, not while I am goneAnd this will be a long, long ride
And Ill be dreaming of coming home
And when you're all alone tonight
Ill be writing you another songWaiting for release, I miss the sound of you laughing
And Ill never call this a home without you
So, lets get this conversation lightened up
Dont say goodnight, not while I am goneAnd this will be a long, long ride
And Ill be dreaming of coming home
And when you're all alone tonight

Ill be writing you another songKeep your eyes on the road

Were gonna make it out of this town

Keep your eyes on the road

Were gonna make it out of this townWe could run away, awayIm gone, well, this will be a long, long ride, long ride

Im dreaming of coming home, home, home Im writing you another song
