Back To Life

Automatic Loveletter

I'm standin' in the rain
I'm cold and I'm afraid
If I can't find you
Then you'll never know
Leave a candle at my door
And an empty space beside my bed
Like a motion picture
This love will never endI hang up at four a.m.
Just when I drive aheadTonight we're alive for the very first time
Tonight we're alive because there's no where to hide
Don't give up on me now (baby don't close your eyes)
I won't let you down
When we come back to lifeTwinkle of the stars
The pictures live forever on the dashboard
My guts are knots
My bones are rot
Am I here alone?
I'm takin' out the breaks that you give
See that I wont stop
Until you have gotten through to meYou hang up
On the run
Could it be that you're comin' home?Tonight we're alive for the very first time
Tonight we're alive because there's no where to hide
Don't give up on me now (baby don't close your eyes)
I won't let you down
When we come back to lifeI can't sing what I write
I can't sleep until I've made this drive alone
Who answer your door?
Tell me please, how this story's gonna end
Or beginTonight we're alive for the very first time
Tonight we're alive because there's no where to hide
Don't give up on me now (baby don't close your eyes)
I won't let you down
When we come back to lifeTonight we're alive for the very first time
Tonight we're alive because there's no where to hide
Don't give up on me now
I won't let you down
When we come back to life
