Almost Easy

O.A.R.

Pick it up, don't put it down
Do you recognize the feeling that I'm passing around
Like your all lit up, feet on the floor
Everywhere you go feel like you've been there beforeIt's almost easy
To believe this is how it could be
Just to easy
To see it could happen to meWhat a feeling when it takes control of you
Everything you need is back ten fold
Like a feeling do it comes and goes
Then it's goneOh noThen the rain came knocked me sideways
Hope the wind will break my fall
I know we all deserve a couple scars
It's just getting oldWhen the rain just knocked me sideways
I don't know what I don't know
I know we all deserve a couple scars
It's just getting oldDamn it's getting oldI'm all locked up. I mean I did it again
Couldn't recognize the feeling that you tried to fit in
So I might kick back
I think I'm taking my time
Underneath the sun without a cloud in the skyIt's almost easy
It's got to easy
To see it could happen to meWhat a feeling when it takes control of you
Everything you need is back ten fold
But like a feeling do it comes and goes then it's
GoneOh noThen the rain came knocked me sideways
Hope the wind will break my fall
I know we all deserve a couple scars
It's just getting oldWhen the rain just falls on Sunday
I don't know what I don't know
Spend my days looking down a highway
It's just getting old
Damn it's getting oldYou told me you'd break my heart
Sounds like something you say
When you knew it from the start
And it didn't matter anywayYou told me you'd break my heart
I didn't believe you then
So why would I hear you now?
You're undecidedI know the rain may knock you sideways
Hope the wind will break your fall

I know we all deserve a couple scars
Damn, it's getting oldWhen the rain just falls on Sunday
I don't know what I don't know
Spend my life looking down a highway
Now it's getting oldWhen the rain just knocks you sideways
I've been lost since I don't know
I know we all deserve a couple scars
It's just getting oldOh, how it gets old.
Damn it's getting old
