'Cross the Breeze

Sonic Youth

Let's go walkin' on the water

Come all the way please

I wanna know

Should I stay or go?No need to be scared

Let's jump into the day

I wanna know

I think I oughta goClose your eyes and make believe You can do whatever you please

I wanna know

I think I better goLet's go walkin' on water Now you think I'm Satan's daughter

I wanna know

Please let me goJust too quick Now I think I'm gonna be sick

I wanna know

Should I stay or go?I'm trying for the future
It's funny that way

I wanna know

I wanna knowI took a look into the hate
It made me feel very up to date

I wanna know

Should I stay or go?Hold me tight, down on my knees So I don't go burning 'cross the breeze

I wanna know

I wanna knowI wanna know Should I stay or go?Burning 'cross the breeze Burning 'cross the breeze
