Dead Skin Mask

Slayer

I've waited for you to come, I've been here all alone
Now that you've arrived please stay a while
I promise I wont keep you long, I'll keep you foreverGraze the skin with my finger tips
The brush of dead cold flesh pacifies the means
Provoking images delicate features so smooth
A pleasant fragrance in the light of the moonDance with the dead in my dreams
Listen to their hallowed screams
The dead have taken my soul
Temptations lost all controlSimple smiles elude psychotic eyes
Lose all mind control rationale declines
Empty eyes enslave the creations
Of placid faces and lifeless pageantsIn the depths of a mind insane
Fantasy and reality are the sameGraze the skin with my finger tips
The brush of dead warm flesh pacifies the means
Incised members ornaments on my being
Adulating the skin before meSimple smiles elude psychotic eyes
Lose all mind control rationale declines
Empty eyes enslave the creations
Of placid faces and lifeless pageantsDance with the dead in my dreams
Listen to their hollowed screams
The dead have taken my soul
Temptations lost all controlDance with the dead in my dreams
Listen to their hollowed screams
The dead have taken my soul
Temptations lost all control
