Dogtanian and the Three Muskehounds Theme

Coded Channel

One for all and all for one, Muskehounds are always ready
One for all and all for one, helping everybody
One for all and all for one, it's a pretty story
Sharing everything with fun, that's the way to be

One for all and all for one, Muskehounds are always ready
One for all and all for one, helping everybody
One for all and all for one, can sound pretty corny
If you got a problem chum, think how it could be

(Der, durham, der, durham)
They cross their hearts and pray
(Der, durham, der, durham)
They cross their swords, night and day
(Der, durham, der, durham)
They drink their beer and swear
They're faithful to their King

(Der, durham, der, durham)
No matter what you say
(Der, durham, der, durham)
They're never far away
(Der, durham, der, durham)
They're always ready to fight or to sing.

One for all and all for one, Muskehounds are always ready
One for all and all for one, helping everybody
One for all and all for one, it's a pretty story
Sharing everything with fun, that's the way to be

One for all and all for one, Muskehounds are always ready
One for all and all for one, helping everybody
One for all and all for one, can sound pretty corny
If you got a problem chum, think how it could be

(Der, durham, der, durham)
They like to make jokes and tricks
(Der, durham, der, durham)
They fight with swords or with sticks

(Der, durham, der, durham)
They have a beer and swear
They're faithful to their King

(Der, durham, der, durham)
They will defend you, save you
(Der, durham, der, durham)
They'll always come to rescue
(Der, durham, der, durham)

And on their horses they fight or they sing.

One for all and all for one, Muskehounds are always ready
One for all and all for one, helping everybody
One for all and all for one, it's a pretty story
Sharing everything with fun, that's the way to be

One for all and all for one, Muskehounds are always ready
One for all and all for one, helping everybody
One for all and all for one, can sound pretty corny
If you got a problem chum, think how it could be
