

# Feeding Frenzy

## Atomic 61

Got blood, and guts got a real survivor...  
killers and crooks - evening's looking brighter  
dishin' off the inside of somebody else's life  
And we can tune in later for the big disaster  
    yeah, it's what we're after  
everybody's watching, everybody's listening  
the whole world's tunin' and we wouldn't wanna miss it  
    praise the recreator for the modern gladiator  
everybody's tuning in so let the feeding frenzy begin  
    Got superstars who will make you fall in love with  
    stand on the secrets we can tear them down with  
    who cares if it's lies if it's just somebody else's life.  
And if you stay tuned maybe we can see that wacko in a body bag (HOO)  
    everybody's watching, everybody's listening  
  
the whole world's tunin' and we wouldn't wanna miss it  
    praise the recreator for the modern gladiator  
everybody's tuning in so let the feeding frenzy begin  
And when you're bored and empty they got hell of plenty  
    God! Entertainment!  
    Give us something crazy cuz.  
everybody's watching, everybody's listening  
the whole world's tunin' and we wouldn't wanna miss it  
    praise the recreator for the modern gladiator  
everybody's tuning and the freakier the better  
    everybody's watching, everybody's listening  
the whole world's tunin' and we wouldn't wanna miss it  
    praise the recreator for the modern gladiator  
everybody's tuning in so let the feeding frenzy begin
