

# Fuck You

## Adamantium

Now face me  
Not a word to say  
Now feel me scream this wall of hate  
I loved this friend  
But you lied  
You fucking pretend  
It tortures me  
Insanity  
That we must face  
Life loses taste  
My disrespect and my pain inside my chest  
Inside of me wanted your love  
You gave me hate  
Fuck you  
Never will I trust you again  
Never will I love you again  
It's hard for me and you'll never see  
Just what it meant and what to believe.
