

Telecommunications

deadmau5 & Imogen Heap

Hey babe, how's your day been?
No, you first...
Oh... what? The delay's quite bad
Yeah, sorry...
Where are you, I can't really hear you
A taxi distracted...
Anyway you... You were saying?
Wait, uh...
Now they're waving me over
Can I call you back?
Yeah, everything's fine
Why am I... I don't know why
I probably just need sleep
It's been a busy week
Sorry, I've got to go
So, ok... bye
This is just so unlike us
Cut back to horizontalisms
If we could win just one small touchContact versus telecommunicationsPlan foiled
The sirens pass by
Kids screaming
The longest public announcement
Reach check-in, finally got through
Running for a flight, shoes off
You're calling voicemail
In joke, group laughter
Closing scenes in a meeting
Angel (angel) why didn't you tell me?One second, someone needs directions
Can't you see I'm on the phone?This is just so unlike us
Cut back to horizontalisms
If we could win just one small touch
Contact versus telecommunicationsSo unlike us
Cut back to horizontalisms
If we could win just one small touch
Contact versus tele-miscommunications
Did I tell you I loved you today?
