Body Bag

Suicide Commando

this is the war we have to fight for
these are the lives we have to give in
this is the war we have to fight for
and this is the price we have to pay for a waranother victim
another shotgun
another dead one
another for funwhat are we fighting for
to kill eachother and nothing more
what are we dying for
to get more power, more more moreanother victim
another shotgun
another dead one
another for fun
