Cheers Elephant

Everybody?s got to love someone sometime
Everybody?s got to love someone sometime
Everybody?s got to love someone sometime
Everybody?s got to love someone sometime

Far far far from the everyday
Shine me a light to a different way
I wanna move
when I wanna wanna move YA
I wanna groove
when I wanna wanna groove YA

I think that I?m gonna break it,
I'm break it, I'm break it,
I'm break it, break it, break it down!

One life forever.
You put it in your pocket
and you save it for a rainy day

One life forever.
You put it in your pocket
and you know that it?ll grow a tree

One life forever.
You're never gonna see it
but you're never gonna really say

Oh Oh!

These people aren?t people
they're just people all me gettin? in the way

Everybody?s got to love someone sometime
Everybody?s got to love someone sometime
Everybody?s got to love someone sometime
Everybody?s got to love someone sometime

What is it that?s makin? me thirsty?
What is it that?s takin? it from me?

What is it that?s leaving the light on? but locking the door?

Ooooh Oooh

Ooooh Oooh

ah

One life forever.
You put it in your pocket
and you save it for a rainy day

One life forever.
You put it in your pocket
and you know that it?ll grow a tree

One life forever.
You're never gonna see it
but you're never gonna really say

Oh Oh!

These people aren?t people
they're just people all me gettin? in the way
