

Nail On the Head

Uriah Heep

In the younger days with your godless ways
And your gold, limousine
You were making trends
With your so called friends, with a, so obscene
Then your hollow heart,
It was torn apart, it would throw a learning curve
If you turn your back,
On good advice you get what you deserve We hit the nail right on the head,
We hit the nail right on the head
Over and over again
We hit the nail right on the head,
We hit the nail right on the head
Over and over again He's another guy just wants to try his best to make things good
He's an honest man with a helping hand from a rundown neighborhood
And he ... that, you see the blood, it's good work come undone
Step aside fellow one them said, only the good die young
I hope you don't misunderstand me now cause I don't wanna catch you down
Just look at all the things I've seen, and they keep coming round and round We hit the nail right on the head,
We hit the nail right on the head
Over and over again
We hit the nail right on the head,
We hit the nail right on the head
Over and over again
We hit the nail right on the head,
We hit the nail right on the head
Over and over again Now have to go down the lovers road on a path that ain't so smooth
Many ups and downs many tears and fouts and a sweetheart ...for truth
Ever lie between what she believes gonna have to take the fall
No, she, will ever look back, cause you left gone cause all
I hope you don't misunderstand me now cause I don't wanna catch you down
Just look at all the things I've seen, and they keep coming round and round We hit the nail right on the head,
We hit the nail right on the head
Over and over again
We hit the nail right on the head,
We hit the nail right on the head
Over and over again
We hit the nail right on the head,
We hit the nail right on the head
Over and over, over and over,

We hit the nail right on the head
Over and over,
We hit the nail right on the head,
We hit the nail right on the head
Over and over,
We hit the nail right on the head,
Hit the nail right on the head
Over and over again
We hit the nail right on the head,
We hit the nail right on the head
Over and over, yeah.
