

# Late Goodbye (Theme from Max P

## Poets of the Fall

In our headlights  
Staring, bleak  
Beer cans  
Deer's eyes On the asphalt  
Underneath  
Our crushed plans  
And my lies Lonely street signs  
Power lines  
They keep on flashing  
Flashing by And we keep driving into the night  
It's a late goodbye  
Such a late goodbye And we keep driving into the night  
It's a late goodbye Your breath  
Hot upon my cheek  
And we crossed  
That line You made me strong  
When I was feeling weak  
And we crossed  
That one time Screaming stop signs  
Staring wild eyes  
Keep on flashing  
Flashing by And we keep driving into the night  
It's a late goodbye  
Such a late goodbye And we keep driving into the night  
It's a late goodbye The devil grins from ear to ear when he sees the hand he's dealt us  
Points at your flaming hair and then we're playin' hide and seek I can't breathe easy here 'less our trail's gone  
cold behind us  
'til in the john mirror you stare at yourself grown old and weak We keep driving into the night  
It's a late goodbye  
Such a late goodbye And we keep driving into the night  
It's a late goodbye  
Such a late goodbye And we keep driving into the night  
It's a late goodbye  
Such a late goodbye And we keep driving into the night  
It's a late goodbye  
Such a late goodbye And we keep driving into the night  
It's a late goodbye  
Such a late goodbye And we keep driving into the night...  
Such a late goodbye And we keep driving into the night...
