Afterglow

3 (Three)

we're back again, let's begin
we never left you... yeah
the time is now... we'll show ya how, can you feel me
you know it's on, to the break of dawn
let's get crazy
so everybody come together now and scream
one love up above countin yer blessings learnin the lessons that make you strong,
doing no wrong to no one... what do we do.. how do we grow..
to hit the next level.. do you wanna go?
let's roll, i'll take u where u wanna go
higher than you'll ever know
i'll take u where u wanna go
in afterglow
layin it down, goin underground comin with some freaky shit... yeah
the words i spit, never regret
it's like a bayonet
nothing to prove, love to groove
it's time to move

so everybody get your fuckin ass up and scream
one love up above countin yer blessings learnin the lessons that make you strong,
doing no wrong to no one... what do we do.. how do we grow..
to hit the next level.. do you wanna go?
let's roll, i'll take u where u wanna go
higher than you'll ever know
i'll take u where u wanna go
in afterglow
one love up above countin yer blessings learnin the lessons that make you strong,
doing no wrong to no one... what do we do.. how do we grow..
to hit the next level.. do you wanna go?
let's roll, i'll take u where u wanna go
higher than you'll ever know
i'll take u where u wanna go
in afterglow
