Sad And Blue

Primal Scream

Baby, I love you, baby, I need you
Baby, I love you, baby, I need youBaby, I'm lonely
I need you here to hold me
I'm sad, so sad and blue
I'm not with youBaby, I'm thankful
Thank you for your kindness
Baby, I'm thankful, thankful, thankful
Thank you for your kindnessYou've always stood by me
You never denied me
I'm sad, so sad and blue
I'm not with youShine on me, sister
Let your love light shine
Shine a light on me, sisterI've got a ragged heart
I'm feelin' dark
Let it shine, let it shine
Let your love light shineBaby, I love you, baby, I need you
Baby, I love you, baby, I need youBaby, I'm lonely
I need you here to hold me
I'm sad, so sad and blue
I'm not with youPlease hold me, I'm lonely
Please hold me, I'm lonely
I need you, I'm not with you
So sad
