Where Are You Going

Powerpipes

I don't know where I'm going
But I do know where I've been
I wonder if I'm growing
Forever chasing wind
I've got to keep on moving
Destination still unknown
The more I keep on looking
The more I feel so alone
Chorus:
I never ask you where you're going, so don't ask me
Where are you going?
Not everybody knows where they're supposed to be

Where are you going?
So if you'll please point me in the right vicinity
Where are you going?
I never ask you where you're going, so don't ask me
I'm not so good so far
Fell off the beaten track
'cause sometimes we go forward
Must take two steps back
Chorus
(solo)
