## Mist Season

I caught your perfect smile  
As I watched you sleep  
I saw your beautiful soul  
When I felt your heart beat  
Your body small your spirit deep  
What might have been  
Just makes me weep  
Lydia  
Where have you been?  
Dreams of you  
Washed up again  
It's the perfect time of day  
To be thinking of you  
The sun's going down  
And the sky's still blue  
When you're looking down  
Do you approve?  
'Cause life downstairs  
Gets hard on you  
Lydia  
Where have you been?  
Dreams of you  
Washed up again  
Will you be gone forever?  
Where do I begin  
Your face in the moon  
Reminds me  
I will see you again
