

Nowhere Left to Go

Joshua Hyslop

So never say it's unfair
Confidence is not there
And everything I know
Is everything I've sown

So Father give me freedom
Providence and wisdom
For when I am alone
When I am alone

I guess you caught me dreaming
And all of your decieving
was water to my soul
Underneath it all

I've never really known how
All of thsi would work out
With nowhere left to go
Nowhere left to go

So where am I meant to wander now?
If you were there then you left without a sound
I was lost, I'm not sure I was ever found
By You

To never say it's unfair
Confidence is not there
And everything I know
Is everything I've sown

So Father give me freedom
Providence and wisdom
For when I am alone
When I am alone

So where am I meant to wander now?
If you were there then you left without a sound
I was lost, and I'm not sure I was ever found
By You

So where am I meant to wander now?
If you were there then you left without a sound
And I was lost, I'm not sure i was ever found
By You
By You
