

# Funny girl

## Raoul Petite

Funny, did you hear that? Funny!  
Yeah, the guy said  
"Honey, you're a funny girl"

That's me  
I just keep them in stitches  
Doubled in half  
Though I may be all wrong for the guy  
I'm good for a laugh

I guess it's not funny  
'Cause life is far from sunny  
When the laugh is over  
And the joke's on you

A girl ought to have a sense of humor  
That's one thing she really needs for sure  
When you're a funny girl  
The fellow said "A funny girl"

Funny, how it ain't so funny  
Funny girl

Funny  
Did you hear that?  
The guy said I was funny  
We'll wait 'till the laugh's over  
And the joke's on you

That's me  
I just keep them in stitches  
Doubled in half  
And though I may be all wrong for the guy  
I'm good for a laugh

I may be all wrong for the guy  
I'm good for a laugh

I guess it's not funny  
'Cause life is far from sunny

When the laugh is over  
And the joke's on you

A girl ought to have a sense of humor  
That's one thing she really need for sure  
When you're a funny girl  
The fellow said "A funny girl"

Funny, how it ain't so funny  
Funny girl
