

# Enjoy

[Björk](#)

I wish I want to stay here  
I wish this be enough  
I wish I only love you  
I wish simplicity Look at the speed out there  
It magnetizes me to it  
And I have no fear  
I'm only into this to Enjoy  
Enjoy  
Enjoy  
Enjoy I wish I'd only look  
And didn't have to touch  
I wish I'd only smell this  
And didn't have to taste How can I ignore  
This is sex without touching  
I'm going to explore  
I'm only into this to Enjoy  
Enjoy  
Enjoy  
Enjoy
