Serious

Anita Baker

Yea yea yea yea yea yea yea ush
Aah aah aah ahh ohh ooo
Oh baby
Baby
Oh, the last time I saw you
You looked so good, baby
There was moonlight everywhere
Oh, and God only knows
How I hated to leave you just standing there
You know I told you
That I wanted to hold you
But the moment was not right
So I took off down the road for another lonely night
Oh, I wanna spend my life with you
Baby, tell me, "Is that so wrong?"
I don't ever want to say good night to you
I wanna hold you all night long
Baby, this is
(Serious)
Serious
(Haa aaa)
Baby, baby
This is
(Serious)
Serious
Ahh haa, baby
(Serious)
This is serious
For the two of us, haa aaa aaa
(Ahh)
Oh yeah
(Serious)
Hey hey hey, every us
Maybe eee, hee hee hee, hee hee
(Serious)
Oh all day long I keep thinkin' about you
And I'm ready to give in
'Cause I may never find anybody like you again
You see nobody's ever made me want to

Do what I'm about to do
Because I found everything
And it's all wrapped up in you
Oh, I wanna spend my life with you
Baby, tell me, is that so wrong?
I don't ever wanna say goodbye to you
I wanna hold you all night long
Baby, this is
(Serious)
Serious
(Aaa aaa)
Ooo ooo ooo
(Serious)
I am so serious
Baby, baby, this is
(Serious)
Serious
Oh, I am a true love, aaa aaa aaa aaa yes
(Ahh)
Only I can hardly believe what I'm sayin'
All the lifetime and I've been prayin'
To find somebody who's heart's not taken
And I believe you're the one
No, no, I don't mean at all to upset you
Honey, I knew from the moment I met you
If I could find a way to get you
I'd have to fall in love
Baby
(Serious)
Get serious
(Aaa aaa)
Aaa aaa eee
(Serious)
Wanna be serious
Baby, let me get
(Serious)
Serious
About the two of us, ohh
(Serious)
Serious
(Aaa aaa)
Baby
(Serious)
Serious
Baby

(Serious)
How so serious!
About the two of us, yea eee eee eee eee yes
Ohh ooo ooo ooo ooo
Ooo baby, ooo baby, baby
Ohh ho baby
Mmm, every night I want you by my side
So I can love you, yea hey hey hey
Every night, I want you by my side
So I can love you
'Cause forever's what it's gonna take to love you
Every night, I want you by my side
So I can love you
