

Strip

Jessie J

Don't want your money, don't need your gold,
Or all the fancy c-cars you own,
Drippin' in diamonds that's all you know,
Did you mistake me f-for a hoe? So why you talkin' me up, you're only letting me down,
I'm goin' have to interrupt,
Like woah-o-oh
'Cause honey I ain't your shit, you need to turn it around,
I think it's time for the strip Show me your love and stay up all night,
Tell me your secrets and not your lies,
Take it all off what you've got inside,
Baby strip, strip, strip, strip
Strip, strip, hey
This could be love if you blow my mind,
Ooh don't you dare give me your disguise,
Take it all off what you've got inside,
Baby strip, strip, strip, strip
Strip, strip You think it's flashy, the things you do,
I call it trashy and fucking rude,
You say you want me, well here's a clue,
Stop tryna fake it and just be you So why you talkin' me up, you're only letting me down,
I'm goin' have to interrupt,
Like woah-o-oh
'Cause honey I ain't your shit you need to turn it around,
I think it's time for the strip (1, 2, 3, 4) Show me your love and stay up all night,
Tell me your secrets and not your lies,
Take it all off what you've got inside,
Baby strip, strip, strip, strip
Strip, strip, hey
This could be love if you blow my mind,
Ooh don't you dare give me your disguise,
Take it all off what you've got inside,
Baby strip, strip, strip, strip
Strip, strip, hey-eh Show me your love let's stay up all night
Take it all off, what you've got inside
Strip, strip, strip, strip (ooh)
Show me your love let's stay up all night
Tell me your secrets and not your lies,
Take it all off what you've got inside,
Baby strip, strip, strip, strip

Strip, strip, hey
This could be love if you blow my mind,
Ooh don't you dare give me your disguise,
Take it all off what you've got inside,
Baby strip, strip, strip, strip
Strip, strip Show me your love let's stay up all night
Tell me your secrets and not your lies,
Take it all off what you've got inside,
Baby strip, strip, strip, strip
Strip, strip, hey
This could be love if you blow my mind,
Ooh don't you dare give me your disguise,
Take it all off what you've got inside,
Baby strip, strip, strip, strip
Strip, strip
