

# Problem Child

## Hanoi Rocks

I'm in a problem, can't find a solution  
Problem, give me the solution, Problem, I'm causing confusion, Problem  
Energy pushing in my blood, I could kill myself but I haven't got the guts, Oh no  
Well it's a Saturday night, I got nothin' to lose,  
I'm all out of money, I'm all out of booze  
I'm walking down the street, I'm in the need of blues  
Problem child, and I'm wild, I'm in the need to break all the rules  
I'm in a problem, problem, problem, problem , problem, problem, problem child, yeah
