

Call Me After

Hospitality

Call me after
Call me after
Eyes on the letter
That you sent Downpour hot air
Sleep, roll over
Sail in your apartment
To the cloud clear I will stay
I can wait, I win
I'll rain upon
My dark floor from the window
Oh, did I talk too loud?
Did I say we'll wrong
Runnin' up the stairs
Filling up my head Waiting out the store
Beggars ask for more
And I think it's cold
Will you warm me after?
Will you want to walk me home
In the dark?
Is it the weather that just keeps me?
Hmmm.
