

# Gonna Make You a Star

**David Essex**

Well  
I know  
I've been out of style for a short while  
But I don't care how cold you are  
I'm coming home soon  
I'm gonna make you a star  
yeah.

Well  
he says he's into his music but I don't believe him  
He just doesn't seem to understand the rock media

Well  
I know  
I'm not super hip and I'm liable to take a slip  
But I don't care how cold you are  
I'm coming home soon.  
I'm gonna make you a star  
yeah  
yeah.  
We gonna make you a star  
haa haa  
we gonna make you a star.

Oh  
is he more  
too much more than a pretty face  
...

Star yeah  
yeah  
We gonna make you a star  
haa  
haa.
