

Right As Rain

Gia Ciambotti

Slippin' to this, real slow
Making it up as I go.
It's been a long time for me
Maybe a lifetime, we'll see.

Feels right as rain.....
Let's tingle and shiver
Right as rain.....
Raisin' the river.

Let's break the rules and get in
Just think of the time we're savin'
Go to my dreams awake, baby ooo
Keepin' it real everyday.

Feels right as rain.....
On the rooftop
Right as rain.....
Every which drop.

Fallin' fallin' from the sky, oh my
Drench the earth when it feels dry.

Feels right as rain.....
In the heart of the season
Right as rain.....
ooo, more heart than reason
Right as rain.....
Let's tingle and shiver
Right as rain.....
Raisin' the river
Raisin' the river
Raisin' the river
Right as rain.
