

# If You Got What You Came For

Beth Thornley

(Sunshine and Celluloid) I guess I have been taken by a pro.  
The final floor show left me with vertigo.  
But when it's all said and done,  
I guess we're even 'cause I  
always knew I couldn't trust you either. Oh yeah. Chorus:  
You better learn to avoid sunshine and celluloid  
'cause you never know who could be watchin' you.  
Yeah, you always seem so sure you'll never blow it  
but if you got what you came for, would you know it?  
Yeah, if you got what you came for, boy would you know it? Another day and just another thought  
but never nothin' I could put my finger on.  
I guess I always knew a  
wink and a smile, baby,  
just wasn't worth much as an alibi. Oh yeah
