

Backwash

Le Clan BMC

You choked on it.
You broke it,
Now fix it.Drank straight,
The draino.
To sink into
Uncertain...Sarcasm, sucking,
To stain you the color
Of failure in method
It crushes by grinding.And washing to will something
Worse for another
Is custom for you
And you can stamp that on my forehead.I'm choking,
You coughed it up
You took it,
Now give it.Back to _____

Shit from a bad
Conversation.Now drinking to (?)
Go to the color of (?)

Crushes by grindingAnd washing to will something
Worse for another
Is custom for you
And you can stamp that on my forehead._____

_____(repeat a number of times)
